DESIGN INSTITUTE

ADVANCED GRAPHIC DESIGNING WITH POWER AI PROGRAM

COURSE CURRICULUM

We are **Chasmawala hai na! Design institute** based in Mumbai, INDIA.

We are a group of experienced creative professionals from the Advertising industry. Our goal is to provide with quality education.

We teach different levels in graphic designing. Various softwares to create designs and ignite ideas.

Programs will cover aspects of creative branding, packaging, typography, concept development and ideation, Project based on actual industry campaigns.

Where Design Meets Art

From insightful lectures to inspiring art exhibitions, every experience is designed to broaden perspectives and shape creative minds.

Professional Design Training on Licensed Adobe Creative Cloud

At Chasmawala hai na! Design Institute, we believe in teaching design the right way. That's why our students learn on **official Adobe Creative Cloud software**.

By using licensed and updated tools, you stay in sync with the **latest design trends, features, and industry workflows**. This helps you turn your creative ideas into real designs with **less effort and better execution**.

Learning on professional software gives you a **smoother learning experience**, stronger technical confidence, and helps you build a **high-quality, industry-ready portfolio**.

Because when you learn with the right tools, you design with confidence and **grow faster as a creative professional**.

In the Advanced Graphic Design course, we will provide professional training in **Adobe Illustrator and Photoshop, Affinity** alongside AI tools such as **Freepik AI Image Generator, Gemini AI and ChatGPT**. The curriculum will cover a range of topics designed to enhance your graphic design skills and proficiency in using both traditional and AI-driven software.

A structured 18-month program covering fundamentals, advanced design, AI integration, and portfolio development.

ADVANCED GRAPHIC DESIGNING WITH POWER AI

A comprehensive 1 year and 6 months course crafted for those who want to dive deeper into design with the support of AI.

This program includes multiple assignments and advanced ad campaign development. The final 2 months are dedicated to portfolio building.
